2016 CASA FRESCHI SYRAH

VARIETY: Syrah
REGION: Langhorne Creek, South Australia
ALCOHOL: 14.0%v/v
AVE VINE AGE: 44 years
AVE YIELD: 1.25 kg/vine (25hl/Ha)

VINEYARD:

This is a single vineyard wine, grown on the Casa Freschi Langhorne Creek estate located 4km north of Lake Alexandrina. The site possesses low vigour, deep calcareous soils with a mix of clay, sand, marl and limestone gravel. It was planted in 1972 using mass selection cuttings from the original Potts vineyards first established in 1850. The low annual rainfall of 250mm is supplemented by the judicious use of fresh water irrigation from Lake Alexandrina. The close proximity to the lake and Southern Ocean provides strong cooling winds, often arriving just after midday during the summer months. Autumns are usually sunny, cool, dry and calm, resulting in long ripening periods. The mean average growing season temp is 17.2C (comparable to Margaret River and Napa Valley). Grown in harmony with nature without the use of synthetic fertilizers, fungicides, herbicides and pesticides. Hand pruned and select hand harvested.

WINEMAKING:

The fruit was collected in 8kg crates, 75% destemmed within an hour of picking, 25% fermented with whole bunches. Fermentation was by wild yeast in small open top fermenters, hand plunged, and macerated on skins for 28 days. It is then pressed directly into old French barriques where natural malolactic fermentation takes place. The wine is then left on its lees until the end of maturation when it is racked by gravity and hand-bottled. No additives are used in its production except minimal sulphur dioxide.

REFINEMENT:

24 months in seasoned French oak barriques
Unfined and unfiltered.

WINEMAKERS COMMENTS:

The 0.60 hectares of Syrah vines on the estate are a part of the 2.5 hectare original plantings by David's parents in 1972. This very special parcel of fruit has been an integral part of the Profondo blend, an homage to David's father Attilio, since its inaugural release in 1999, and remains so today.

2016 is one of the rare years where both quantity and quality are high. This is the result of good vine storage reserves post a light yielding 2015 harvest, good winter rainfall, sporadic seasonal rainfall, favourable weather during flowering and berry set, and a ripening period without excessive heat or drought. The vines remained healthy, and the balance of leaf to fruit resulted in a near-perfect extended ripening period. Ultimately this led to wonderful quality with beautiful ripeness, fullness of tannin, and natural balanced acidity.

The result is an gorgeously scented wine with violet, blueberry, white pepper, herbs and spice, deeply intense flavour and a lovely backbone of full, fine tannins enhanced by saline minerality.

REVIEWS:

Syrah seems aspirational in suggestion as the wine is fuller bodied than medium, richer and riper in fruit character, and shows the headlining regional character of saltbush. It's lovely though, warm and inviting, luscious but in control. Good, good. 14.0%alc *Most outstanding new releases* **93pts** Mike Bennie WBM Jan/Feb 19
